Experiences and opinions of French assistants at our center	<p><i>Hydanaëlle ZOZIME: Hello! I am the French assistant of the year 2022-2023 and I will briefly tell you about my experience. This center was my first choice and if the choice had to be made again I would do it again. The teaching staff is very warm. By choosing this center you choose to be able to count on a group both professionally and personally. As far as Malaga is concerned, it is a wonderful city and by being in the center you will have more chance of finding activities/jobs to your liking not far from the institute. In addition, if like me you want to discover Andalusia it is a place where you will find cheap trips (in groups or alone).</i></p>
